

# PROFESSIONAL PROFILE

## MOIRA KWOK

Moira Kwok is an Associate Director within the CBRE Hotels business line for the Greater China region and is responsible for hotel consultancy, advisory for acquisition and disposal of hotels and service apartments in Greater China.

Moira has had experience in the hotel industry both in Europe and Hong Kong before entering the property industry. She has a good knowledge of the business of hotels from the operation viewpoint, developer requirements and hotel management agreements, as well as the investment potential of hotel assets. She has also been involved with various due diligence assignments associated with listings of real estate assets.

Moira previously worked for within the Consulting business line at CBRE, having been involved in investment, corporate and development consultancy assignments for corporate and government-related clients, developers and investors. Prior to working at CB Richard Ellis, she worked for a Hong Kong based property developer, responsible for the project management of development projects and the business development of the company. Moira has also had experience in working for a tertiary education institution.

Moira has a Bachelor of Arts in Hotel Management. She also has a Masters of Science in Facilities Management.
