

PROFESSIONAL PROFILE

PETER GRIEVE

Peter Grieve manages Valuation & Advisory within CBRE Hotels, for the regions of Victoria, Tasmania, South Australia and West Australia.

Peter directs the provision of a wide range of valuation and consultative services to the Hotels & Leisure market. All major financial lending institutions recognise and accept valuations from the CBRE Hotel & Leisure Division and clients apply our opinions of value, rental, market research and forecasting in their relevant business activities or for their accounting purposes.

The expanding nature of the hospitality industry, particularly in recent years, has lead to a substantial volume of development linked valuation and consultancy instruction for our team which now provides a very strong knowledge base in respect of future appointments.
